Sainsbury's

TESCO

How do I register?

You'll either receive an email asking you to verify your details and set a password, or your HR team will share a unique URL to get started with registration. It's really easy and you'll be up and running in no time.

How can I save?

You can access your SmartSpending™ site securely on any device, desktop, mobile or tablet at any time, anywhere you are.

You can buy discounted Instant Vouchers and Reloadable Cards to save money at hundreds of retailers when you shop in-store or online. We also have loads of Cashback offers, meaning that you get some money back each time you spend with certain retailers online, not to mention plenty of simple discount codes to use when you shop.

Instant Vouchers

Instant Vouchers are the easiest of the bunch! Just visit the offer page, purchase the voucher for the amount you want, and pay a reduced price! Show the code, eVoucher or barcode when you're ready to pay, or use the voucher code if you're shopping online. It's as simple as that.

Reloadable Cards

If you're shopping on the high street or nipping to your local supermarket, simply order a Reloadable Card for your chosen retailer and get an unbeatable saving at that store. For example, if you want to spend £100 at Sainsbury's there's a 5% discount on Reloadable Cards, so you will only pay £95. You can even use it in conjunction with other promotions or sales!

Cashback

If you prefer to shop online you can earn Cashback with loads of retailers and get money back in your pocket! Simply find the retailer on our site, then click the Cashback link and it will take you through to the retailer's website. Make your purchase as normal and we'll automatically track and process your Cashback. Watch the money build up in your online account, and then withdraw it to your bank account or spend it through the site!

EasySaver™ Cards

This card provides you with fantastic discounts at more than 40 of the UK's favourite high-street stores. What's more, this Instant Reloadable Card provides you the flexibility of spending across a variety of stores with just one card in your wallet!

How much money can you save with SmartSpending™?

The average person saves around £500 a year, but the amount you can save will depend on just how much you use the discounts (many of our users save even more than £500).

Here's a great example of how you could maximise your savings in the first year alone:

Making your savings even more instant with the SmartSpending™ app!

The SmartSpending™ app is a mobile app where you can access your discounts and offers on the go.

Browse top offers and the deal of the week to see what's available, or search by retailer or category to find the retailers and discounts you're looking for. You can also click the star at the top of any retailer page on the app to make them your 'favourite', then you'll be notified when they go on special promotion!

How do I get access and can I use it right away?

- 1 Find the app on Google Play or App Store by searching for **'SmartSpending'**.
- 2 **Download it** and then enter the email and password you usually use to log into your discounts site with. If you've forgotten your password, you can request a one-time code to be sent to your email address.
- 3 **Now, choose a PIN** to help you log back in quickly and easily each time. If your phone is locked, or if you're using a variety of apps, the SmartSpending™ app will ask for your PIN again for extra security.

What can I do with the app?

Use the app for buying and accessing Instant Vouchers, Reloadable Cards and earning Cashback on purchases from hundreds of retailers.

Which retailers are available?

Many of the retailers that are available on the site are also available on the app too. With more than 800 retailers to choose from, and new offers being added every day, you can find discounts on everyday purchases like groceries to specialty items such as holiday breaks and the latest technology.

Any queries?

The help desk is available 24 hours a day, 7 days a week, 365 days a year – just look for the 'Support' section at the top right-hand side of the site.
