

Global Employee Engagement Platform

The Reward Gateway | Edenred Employee Engagement Platform is engineered for tomorrow's workforce and delivers an impactful experience to all your people, wherever they are and however they work.

Our platform provides:

Global Reach

A consistent global experience that extends your benefits, rewards, and engagement efforts across your entire workforce.

Local Relevance

Maintain local relevance over global programs with regionalised discounts, reward providers and segmented employee hubs.

Scalability

Reach global aspirations with flexible engagement programs built to facilitate borderless expansion.

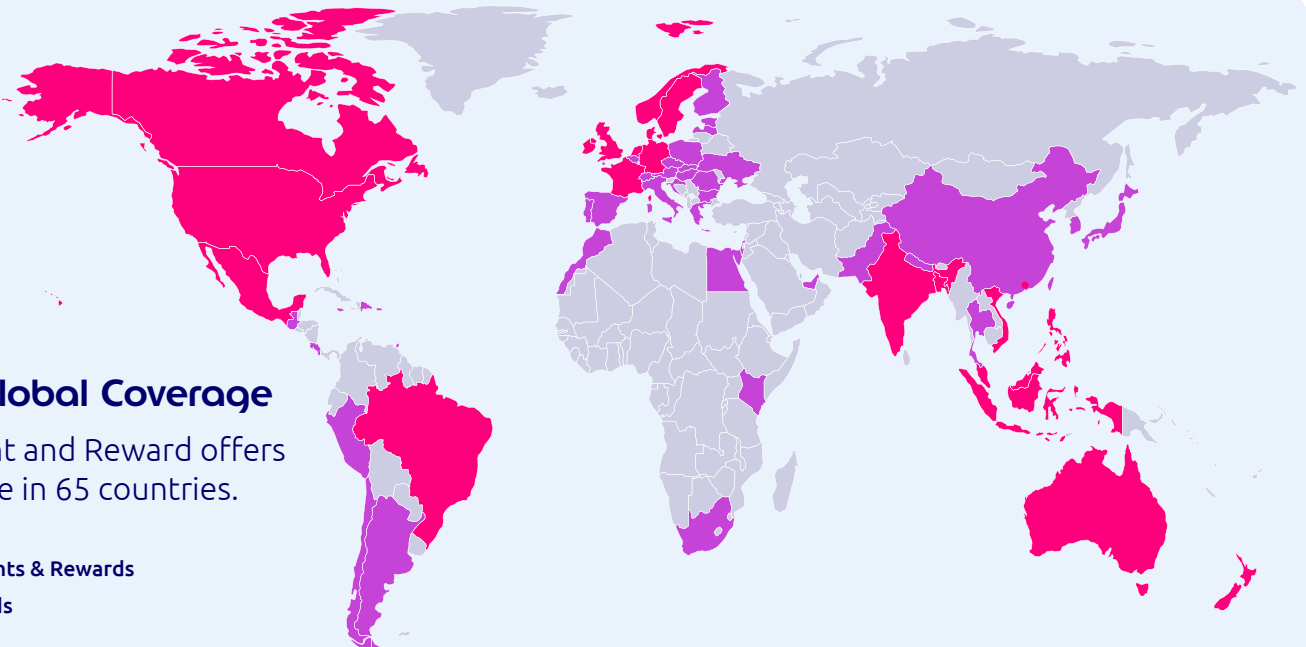

Flexible Administration

Maintain consistency over global programs or deliver regionalised experiences with flexible approaches to platform administration.

Our Global Coverage

Discount and Reward offers available in 65 countries.

- Discounts & Rewards
- Rewards

Global benefits marketplace

Support and engage multi-national workforces with global employee discounts and rewards marketplace.

Curated marketplace with local and global retailers.

Support transactions in local currencies.

Bring your Benefits wherever you go

Don't leave your benefits at home. With our global platform you can access your discounts and redeem reward points when travelling to enabled countries for business or pleasure.

Consistent Rewards for global teams

Align behaviours and maintain incentive structures across global teams with locally relevant reward offerings across the globe. Because rewards should be fair for all.

Limited redemption options, high shipping costs and lengthy delivery times reduce the impact of most reward programs. With a focus on multi-national organisations, our reward programs feature:

Gift cards from locally sourced retailers

Amazon integration for endless options

Pre-paid Mastercard with global coverage

Custom Rewards and curated storefronts

Transparent Reward Points with no hidden fees.

We Speak Your Language

Translate your engagement platform into any language to reach and engage all your people.

- Instant translations into 30+ languages and 40+ more available on request
- User-level language preferences
- Segmented communications in local languages

Connect, align and engage everyone

Build a borderless cultures with global communications and recognition programs that bring all your people together, moving towards common goals.

- Segmentation for global or regional communications.
- Recognition that builds organisational awareness across locations.
- Mobile-first engagement for every type of worker.
